Getting To Know King

Remember when there were 1250 students at King? Of course you don't because that was fourteen years ago. Your principal was called the "Dean of Girls".

Pretty sexist right? Obviously many changes have been made during the past fourteen years. Most of them for the best. My hope is that this year you have been responsible for some positive changes. If not in the school at least within yourself.

Beatrice Ferreira
Principal

Congratulations to all of you for a fine school year. I feel certain that we have been successful in preserving some of the best memories of our school days here at King with this yearbook. I hope you will have a wonderful summer and that the coming school year is productive for you.

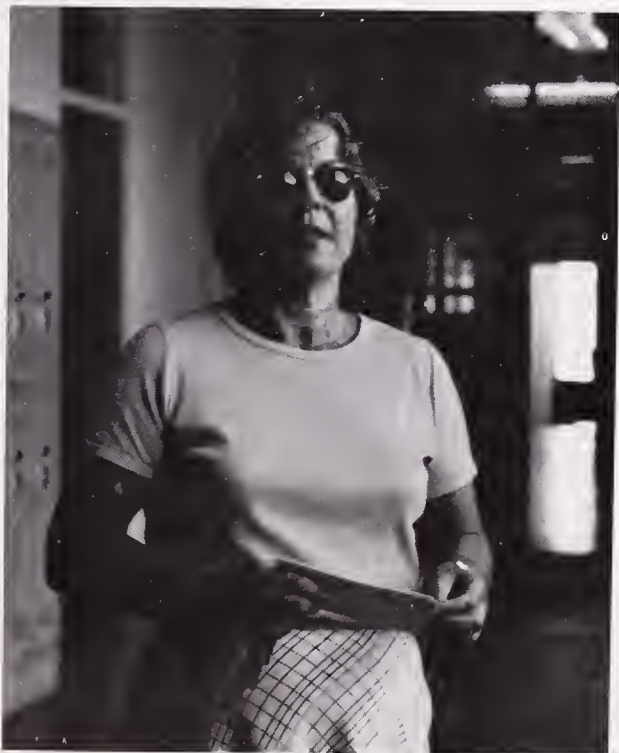

E.N. Randolph
Vice Principal

ADMINISTRATIVE ASSISTANTS

Let me be a wild ocean roaring in front of you,
Or a wind passing through the trees,
Or birds singing in the morning . . .
I am not imparting knowledge to you,
I am trying to point to something which is beyond
knowledge.

It is not always your aptitude
But your attitude
That often decides
Your altitude
in life.

Mr. R. McKnight
Seventh Grade

Do you remember when . . .

On "Tacky Day" your friends complimented you on your good taste in clothes, or how you thought the year would never end or that you might not graduate? Now all that is in the past and you have the uncertainties of next year to occupy your thoughts. May all your dreams be realized.

Pat Worthington
Eighth Grade

TACKY DAY

GARFIELD TO KING, 1921-1981

A BRIEF HISTORY OF KING J.H.S.

The building standing now was built in 1921. The bungalows were put up in late 1921. In 1923, the auditorium was built as a result of a petition drive by the P.T.A. and money earned by students who sold wood. Through an annual circus, thousands of dollars were raised to beautify the courtyard and plant lawns; all of which were destroyed when the school was reconstructed.

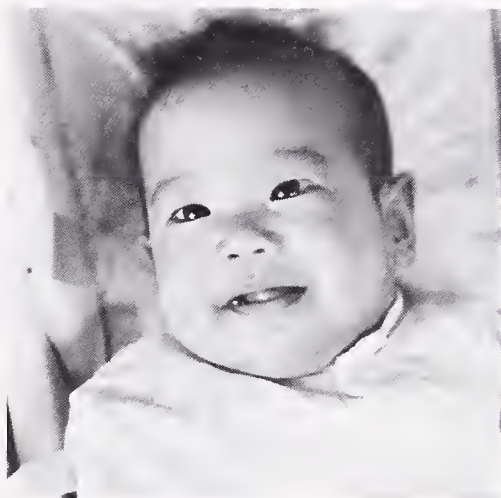

The tennis courts were put up in the early 1930's because of constant demand. They were constructed at a cost of \$4000. The school building was originally brick, but it was stuccoed in 1938.

In 1965, King, then Garfield, changed from seventh, eighth and ninth to a seventh and eighth grade school.

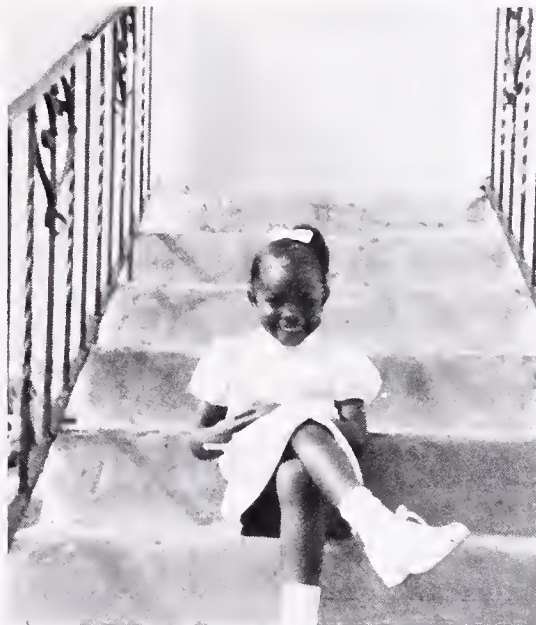

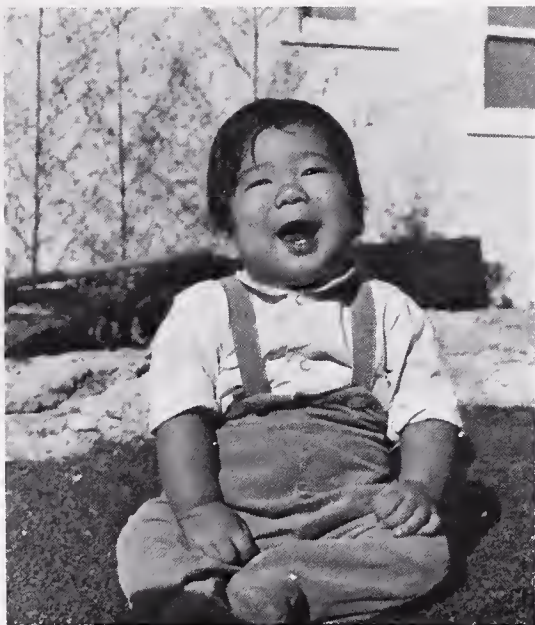

In 1969, after Martin Luther King Jr.'s assassination, the school's name was changed from Garfield to King.

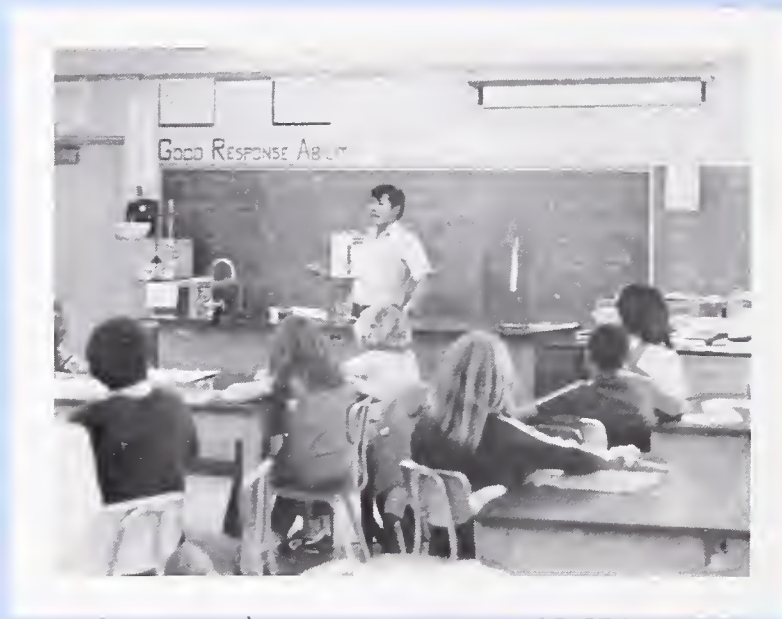

GUESS WHO?

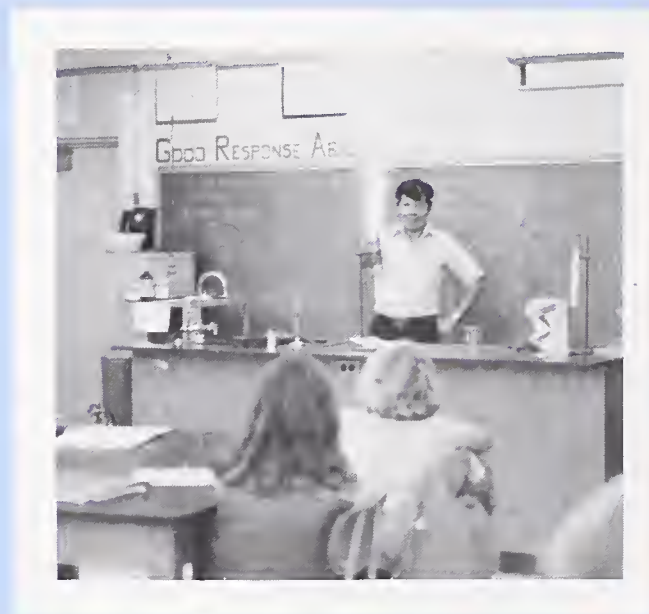

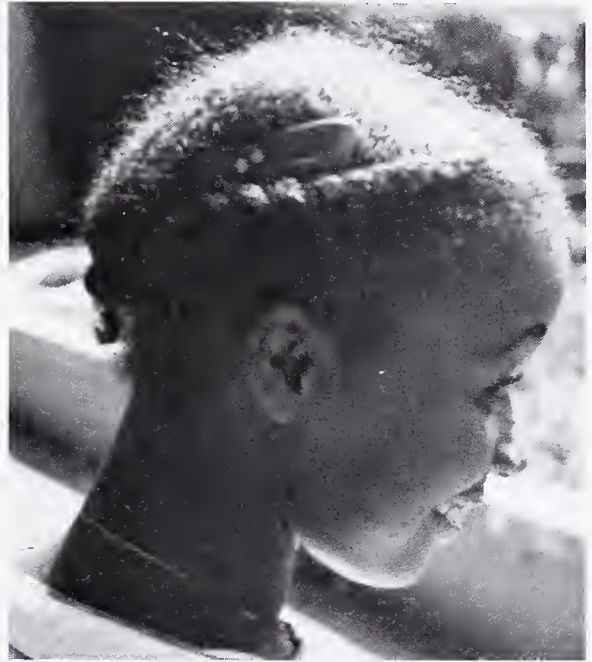

"MR. DEAN AND HIS SCIENCE EXPERIMENTS"

SOMETHING IN YOUR HAIR DAY

LOOK'S LIKE

MARTIN LUTHER

Dr. MARTIN LUTHER KING

It all happened January 15, 1929,
Born was a fine hero of mine

His name was Dr. Martin Luther King,
And he taught the world something

It was to have a dream that one
day this nation will rise up, live out
the true meaning of creed,
and not the meaning of greed.

In 1963, he led the freedom march on
Washington,
And then was respected by almost everyone

In 1964, there a surprise,
he won the Nobel Peace Prize

In 1968, this great man died,
But he let the world know that he had pride.
